

The Change-Makers

GAR Precision 02

Although we would like to—we can't show you all the donors. Here's what you need to know. GAR Precision 02, a daughter of GAR PrimeTime 2409, is one of 12 donors that will sell, all with \$Beef indexes that rank in the top 1% of the breed. If you think these numbers are overwhelming, then consider this. The entire offering ranks in the top 1-15% of the breed for a majority of traits. That's value!
